

WE INCLUDE AN APRILAIRE  
**HIGH-EFFICIENCY AIR PURIFIER**  
ON EVERY SYSTEM WE INSTALL

*Protect your new HVAC investment from  
performance-robbing damage.*

DIRTY EVAPORATOR COILS

ICED EVAPORATOR COILS

DIRTY BLOWERS

**One inch panel filters won't protect your new system from these common problems.**

***With Aprilaire high-efficiency filtering media,  
you can be assured of:***

- + Peak Equipment Performance – Proper heating, cooling and airflow
- + Energy Savings – Dirty components can raise energy cost by as much as 15%\*
- + Enhanced Reliability – Clean systems reduce malfunctions; extends service life
- + Improved Air Quality throughout your home – Airborne contaminants are trapped
